

Steve Hopley, PGA
steven.hopley@shgc.org

I have been the Head Professional at Sewickley Heights since the start of 2024. Prior to my time here, I was fortunate to spend 5 seasons working at Oakmont Country Club as an Intern and an Assistant Professional.

Becoming a Golf Professional is all I have ever known and wanted to do in my life. I have an older brother that worked in golf from the age of 14 and is now the Director of Golf at Turner Hill Golf Club in Ipswich, MA. Naturally, I wanted to do everything my brother did, I started working at the same Private 9 Hole facility he did at 14. The only difference in our careers was in college. I attended Methodist University and graduated in 2020, while he graduated from Coastal Carolina in 2008.

My love for golf has only grown over the years and can now confidently say that immersing myself in the world of golf from a young age was the greatest thing I could have ever done. I am eternally grateful to the mentors and members that have led to the place that I am today. I believe my greatest strengths lie within my ability to develop relationships with people and to communicate with them in an empathetic manner. Maintaining confidence in yourself and living every day to the fullest version of yourself are the qualities I believe lead to success in our industry. I am excited to share my experiences to help the current and future generations of Golf Professionals.
